About Us

Built on Sajavat's legacy, Sotkaara understands the realities of the HoReCa market. We have seen how small caterers demand more elegant presentation, and how distributors need products that feel differentiated, not repetitive.

Sotkaara was born to address this shift with 20+ years of industrial experience. Our approach is practical and reliable, with a focus on presentation-led serveware and clarity that acknowledges the demands of real-world business.

As Sotkaara reflects the idea of hospitality, we believe in the spirit of serving each and every customer's unique needs. That is why Sotkaara stands for thoughtful service, consistent support, and serveware solutions that help our partners succeed in real conditions.

Mission

To fulfill our customer's evolving demands for melamine serveware by viewing them as our long-term partners.

Vision

We see our future as a reputed and reliable brand in the HoReCa market, and eventually households, across the country.

Purpose

We exist to ensure that small and mid-scale businesses can access presentation-led tableware without any compromises on quality.
